PROFFESIONAL SUMMARY

Passionate UI/UX Designer with experience designing responsive web and mobile interfaces from concept to completion. Skilled in UX research, wireframing, prototyping, and building scalable design systems in Figma. Looking to contribute user-centered, impactful digital experiences while growing as a product designer.

WORK EXPERIENCE

UI/UX Design Intern - Cozzon

06/2026 - 09/2026

Clothing Brand Startup

- Designing a complete fashion e-commerce website from scratch, including UX research, user flows, wireframes, and high-fidelity UI designs.
- Created 30+ UI screens for both desktop and mobile platforms.
- Designed and organized 100+ reusable interactive components and design system elements in Figma for scalable development.
- Independently managed the entire UI/UX design process from research to developer handoff.

Social Media Management & Digital Marketing - Freelance

06/2025 - 05/2026

- Created and managed social media pages for multiple clients, including profile setup, branding, content planning, post scheduling, and audience engagement across various platforms.
- Managed Google Ads campaigns by implementing Google Analytics, Google Tag Manager, conversion tracking, keyword targeting, and bid strategies to measure and improve campaign performance.
- Configured campaign objectives, bid strategies, keyword targeting, audience targeting, and monitored ad performance to optimize conversions and improve return on ad spend

UI/UX Designer & Frontend Developer - Grotho

07/2023 - 06/2024

Website Developer Firm

- Designed and developed responsive websites optimized for mobile and desktop platforms.
- Built reusable and interactive front-end components for web applications.
- Debugged and resolved front-end issues to improve functionality.
- Maintained consistency across the product using reusable components, variables, auto layout, and responsive design principles.
